INTRODUCTION

BIE Science Assessment online testing system is used to administer assessments and access student and summary reports for the BIE Science Assessment.

There are two components of the BIE Science Assessment online testing platform: the **BIE Science Assessment Portal**, used by school administrators to perform all test administration tasks, and the **Student Testing Interface**, used by students to take practice tests and the Science assessment. The **Student Testing Interface** is accessible using a Kiosk application; the BIE Science Benchmark tests and practice tests and can be accessed via a web browser or the Kiosk. For more information on installing the BIE Science Assessment Kiosk, see the [BIE Science Assessment Kiosk Installation Guide](#).

For more information on technology requirements for the BIE Science Assessment Portal and the Student Testing Interface using a kiosk, see the BIE Science Assessment Technology Guidelines on the BIE Science Assessment Help & Support page: <https://bie.onlinehelp.cognia.org>

TECHNICAL SUPPORT

If you experience any difficulty using the portal, contact Cognia Technical Support at bietechsupport@cognia.org or (800) 887-7027 or use the [live chat link](#) on the Cognia BIE Science Assessment [Help and Support Site](#).

ROLES & RESPONSIBILITIES

The BIE Science Assessment Portal recognizes four user roles:

1. School Test Coordinator
2. IT Coordinator
3. Test Administrator
4. Reports Access Only

Each role has a separate set of responsibilities which determine the user's level of access to the components available on the BIE Science Assessment Portal.

The table below has descriptions of roles and permissions.

| Role | Responsibilities |
|--------------------------------------|--|
| School Test Coordinator (STC) | The STC has access to one or more schools and can: <ul style="list-style-type: none"> • Manage users (add, edit, or deactivate peer STC accounts, ITC, TA and Reports Access Only accounts). • Access Proctor Password from Administration home page. • Add students, edit student information and set accommodations. • Request, approve and view student transfers in the Enrollment Transfer screen. • Create, edit, and delete classes. • Schedule tests. • Manage and monitor tests. • Access Information Technology Coordinator Portal menus. • View Dashboard. • Create and review reports. |
| IT Coordinator (ITC) | The ITC is assigned to one or more school and can: <ul style="list-style-type: none"> • Download and install the student kiosk on testing devices. • Access passwords used to initiate the Site Readiness Test on installed kiosks and certify the site (school) is ready for student testing. For more information, see the <i>BIE Science Assessment Kiosk Installation Guide</i> . |
| Test Administrator (TA) | The TA is assigned to one or more school and can: <ul style="list-style-type: none"> • Print student logins and the session access codes. • Monitor student testing progress Note: The Test Administrator cannot add accounts nor edit any account other than his or her own. |
| Reports Only | The Reports only user is assigned to one or more school and can: Create and view reports for assigned organizations. |

SCHOOL TEST COORDINATOR

One STC account will be created for each school. You will receive an email notification once your account has been created. The designated STC for each school will then be able to create additional STC accounts if needed. If you have not received your credentials:

- Contact the Cognia Help Desk at bietechsupport@cognia.org or (800)-877-7027.

The STC has access to the Users, Administration, and Reporting components for their assigned school(s) in the BIE Science Assessment Portal.

IT COORDINATOR

The School Test Coordinator will create any required IT Coordinator account(s) for their school(s). If you have not received your credentials, contact your STC.

The ITC only has access to the Site Readiness tab of the Administration component for their assigned school(s). An STC assigned to the school(s) also has access to perform the site setup and certification tasks.

When you receive your credentials, you are ready to set up the testing environment for the school(s) assigned by:

1. Configuring the network for student testing.
2. Downloading and installing the appropriate kiosk to each device used for testing. Windows and Mac kiosks are downloaded directly from the portal. Tablet kiosks are downloaded directly from the appropriate app store.
3. Launching the kiosk on each device used for testing.
4. Completing the Site Readiness Test to ensure that testing devices are ready for student testing.
5. Certifying the site (school) is ready for testing.

For more information on installing the BIE Science Assessment Kiosk, see the *Kiosk Installation Guide*, which is available on the BIE Science Assessment Help & Support page:

<https://bie.onlinehelp.cognia.org/>.

TEST ADMINISTRATOR

The School Test Coordinator will create one or more Test Administrator accounts for your school. The TA has access to the Administration component for their assigned school(s). If you have not received your credentials, contact your STC.

If an STC also acts as a TA for one or more test sessions, a separate account will need to be created under the Test Administrator role. This ensures a username is available in the **Teacher** list and can be assigned to classes and scheduled for test sessions.

TA accounts will only have access to their assigned Test Sessions.

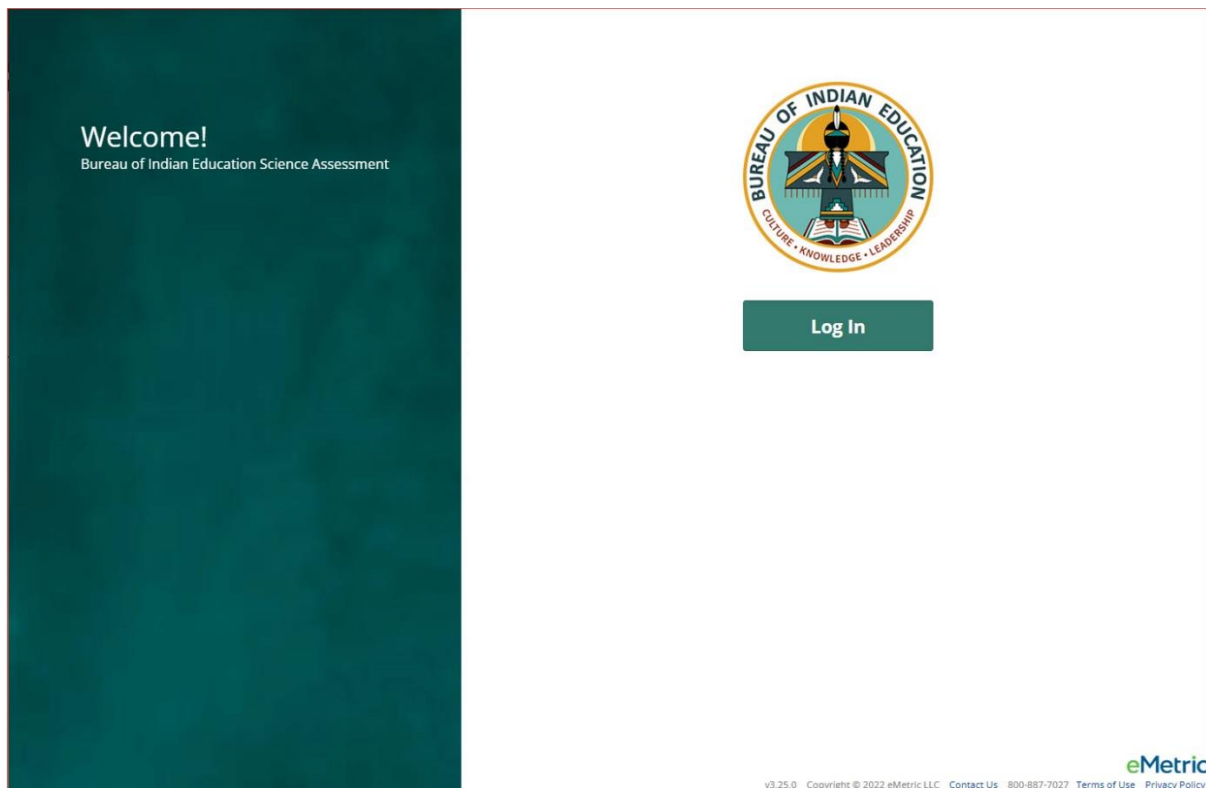

REPORTS ONLY

The School Test Coordinator will create Reports Only accounts for your school(s). The Reports Only role has access to the Reporting component for their assigned organization and can create and review reports.

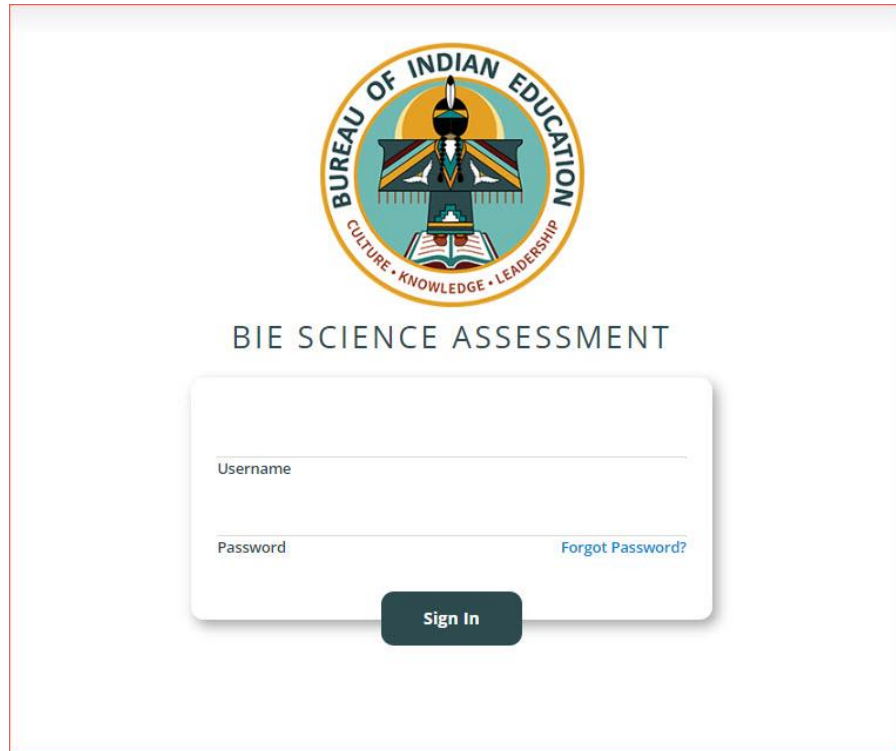

For more information regarding Reporting, please see the *BIE Science Assessment Reporting User Guide*, which will be available on the BIE Science Assessment Help & Support page this fall:
<https://bie.onlinehelp.cognia.org/>.

The BIE Science Assessment Portal is used to perform all administrative tasks, such as managing student rosters, assigning student accommodations, scheduling students for tests, conducting site technology preparations, and viewing reporting for Summative testing.

Upon logging in to the BIE Science Assessment Portal, the portal home page provides access to the following components according to your role and organization:

- **User Management:** Used for adding and editing portal user accounts.
- **Administration:** Used for downloading kiosks and completing site set-up, adding students, transferring students, assigning test accommodations to students, organizing students into classes for testing, scheduling tests, accessing students' test log-in information, and monitoring student testing progress.
- **Reporting:** Used to view and manage Assessment results in roster reports, summary reports, and quick reports. For more information regarding Reporting, please see *BIE Science Assessment Reporting User Guide*.
 - The Reporting component will become accessible once operational student testing data is made available.
- **Scoring:** Used to score human scored items that have been created and administered to students in the BIE Science Benchmark program. For more information regarding Scoring, please see the *BIE Science Benchmark Assessments Scoring Guide*.
 - The scoring component will be available to TA accounts that have access to the BIE Science Benchmark program.

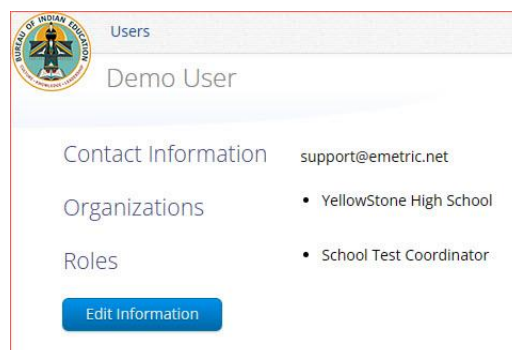

NAVIGATING THE PORTAL HOME PAGE

1. Click the **Bureau of Indian Education logo** in the top-left corner of any page to return to the Portal home page.
2. Click [Users](#) at the top of the Portal home page to access the User Management component.
3. Click your username in the top-right corner of the page to view your profile.
4. Click **Help & Support** in the top-right corner of the page to go to the [BIE Science Assessment Help & Support page](#).
5. Click **Logout** at the top-right corner of the page to log out of the portal.
6. Click **Administration** to access the Administration component.
7. Click **Reporting** to access the Reporting component.
8. Click **Scoring** to access the Scoring component, available to TA accounts that have access to the BIE Science Benchmark program.
9. Click **Contact Us** at the bottom of the Portal home page to open a blank email message address to [Cognia Technical Support](#).

UPDATE YOUR PROFILE

Your profile page displays your contact information, organization(s), and role. To make changes to your user profile, click on your name in the upper right corner of the portal. Click the **Edit Information** button to make updates to your first or last name, email address, password, phone number, fax number or address. Click **Save Profile** to save any changes you have made.

USERS

The top menu bar on the portal home page provides the **Users** tab, which provides user management features for the platform. According to your permissions you can view users, add new users and manage existing user accounts for the platform. By default, a list of existing users will be provided.

1. To add a new user account click the [Create New User](#) button.
2. To add or update existing users via file upload click the [Import Users](#) button.
3. Filter the list by selecting an organization in the **Choose an Organization** drop-down menu or by selecting a user role in the **Choose a Role** drop-down menu.
4. To locate a user, in the **Search** (🔍) box in the top-right corner of the page, type the first name, last name, username or email address of the user, and then hit **Enter** or click the search icon 🔍.
5. Sort columns by clicking the column heading.
6. To edit an existing user, select the [Edit User](#) (✎) icon in the user's row.
7. To deactivate a user account, click on the [Deactivate User](#) (✖) icon in the user's row.

ADD A NEW USER

To add a new user, click the **Create New User** button.

1. Enter the new user’s personal and contact information. Fields with a red asterisk (*) are required.
 - a. Every account requires a unique username.
 - b. Ensure the email address is accurate. New portal users will be sent separate emails containing their username and passwords to the email specified.
2. Select the role you wish the user to have from the **New user has the following role:** drop-down menu. The permissions for the indicated user role will be provided to the individual given the role.
3. In the **New User belongs to the following organizations** list, select the organizations the user should have access to. Users may have access to multiple organizations.
4. In the **New User has access to the following programs** Users should have access to the BIE Science Assessment program.

When creating a Test Administrator user, the Administration and Content Areas can be specified upon creation. This limits a TA to only have access to specific subject tests.
5. Click **Save User** to save the new user account.

EDIT A USER

To edit an existing user, select the icon in the user’s row. You will be redirected to the user’s profile and will be able to edit fields as allowed by your account type. Click **Save** to save any changes made to a user’s profile.

DEACTIVATE & REACTIVATE USERS

A School Test Coordinator can deactivate existing user accounts and reactivate user accounts that were previously deactivated. Deactivating a user account will remove the account from the list of users and render the account unusable. When a user account is deactivated or reactivated, an email notifying the user will be sent to the email address associated with the account.

1. To deactivate a user account, click on the icon in the user’s row.
2. To deactivate multiple user accounts, select each account and click on the **Deactivate** button above the user table.

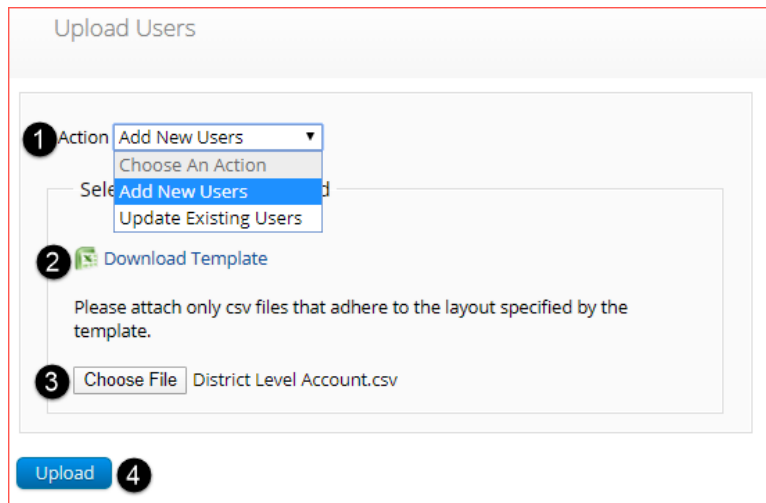

1. To reactivate an account that was previously deactivated, click on the **Show Deactivated Accounts** checkbox.
2. Click the **+** icon in the user’s row to reactivate a user account.
3. To reactivate multiple user accounts, select each account to be reactivated and click the **Reactivate** button above the user table.

IMPORT USERS

If you have several users to add or edit, it may be easier to use the file upload feature. File uploads are required to be in CSV file format and separate files must be used when adding or editing existing users. The user upload feature will be available from 7:00 p.m. to 7:00 a.m. MT during the administration window.

To add new users or update existing users via file upload, from the **Users** page click on the **Import Users** button.

1. On the Upload Users page, select **Add New Users** or **Update Existing Users** from the Action drop down menu.

- Once an action has been selected, the user upload template will be made available to download. Click on the **Download Template** link to download to your computer. Fill out the template accordingly and save the file in CSV format, there is a **limit of 30 records** for each upload file.

The following is an example of an upload file:

| | A | B | C | D | E | F | G | H | I | J | K |
|---|------------|-------|-------|---------------------|------|--------------------------------------|---------|-------|-----|---------|---|
| 1 | Username | Fname | Lname | Email | Role | Org | Program | Phone | Fax | Address | |
| 2 | DemoITC | Demo | ITC | support@emetric.net | ITC | CCD CCD-SCHCC1 CCD-SCHCC2 CCD-SCHCC3 | 1 2 | | | | |
| 3 | DemoTA | Demo | TA | support@emetric.net | TA | CCD-SCHCC1 CCD-SCHCC2 CCD-SCHCC3 | 1 2 | | | | |
| 4 | BIEDemoSTC | Demo | STC | support@emetric.net | STC | CCD-SCHCC1 CCD-SCHCC2 CCD-SCHCC3 | 1 2 | | | | |
| 5 | | | | | | | | | | | |
| 6 | | | | | | | | | | | |

If you are creating an account for a user with a school code that contains preceding zeroes, the Org field cell/column will need to be formatted as text. You will then save the document as a .csv and upload.

- Click **Choose File** and select the file you would like to upload from your computer, you will now see the file name next to the **Choose File** button.
- Click **Upload** to upload the file. A pop-up confirmation will appear indicating the user file has been uploaded and a summary containing the number of users created and the number of records rejected will be provided. New portal users will be sent two separate emails containing their username and passwords to the email specified.

If the file is not in CSV format, you will receive an error upon clicking **Upload**. Please update the file format to **CSV (Comma delimited)** and try to upload again.

The table below describes the columns, required fields, and accepted values in the upload file.

| <i>Field Name</i> | <i>Description</i> | <i>Accepted Values</i> |
|-------------------|--|---|
| Username* | User's username for logging into the portal | Up to 35 alpha-numeric characters |
| Fname* | User's first name | Up to 25 characters |
| Lname* | User's last name | Up to 25 characters |
| Email* | User's email address | Any standard email address |
| Role* | User's role | One of the following: STC — School Test Coordinator ITC — IT Coordinator TA — Test Administrator RA — Reports Only The abbreviated role will be used in the CSV file. STC will be the accepted value in the CSV file for adding a School Test Coordinator. |
| Org* | Location and school code associated with the school level user | Org = Location Code hyphen School Code. Location Codes: BOS (Bureau Operated Schools), NAV (Navajo Area Schools), or TCS (Tribally Controlled Schools) If Location Code = BOS School Code = D02P02 then Org = BOS-D02P02 |
| Program | Programs available for the user | Blank 1 = BIE Science Assessment 3= BIE Science Benchmark |
| Phone | User's phone number | Phone number in xxx-xxx-xxxx format |
| Fax | User's fax number | Fax number in xxx-xxx-xxxx format |
| Address | User's address | Up to 200 characters |

*Required Field

Note: Leaving the program column blank will give the user access to all programs by default. Include data in this column when a user should only have access to certain programs.

RESOLVING IMPORT USER ERRORS

A summary of the results of the upload will be shown on the Upload Users page and a downloadable file detailing the errors will be made available. Click **Download record with errors** to download a file that contains details about errors in the uploaded file.

| | |
|--|---|
| Total number of records present in the uploaded file: | 4 |
| Number of Records Rejected: | 3 |
| Number of Records Processed: | 1 |
| Number of Users Created: | 1 |
| Number of Users Updated: | 0 |

[Download records with errors.](#)

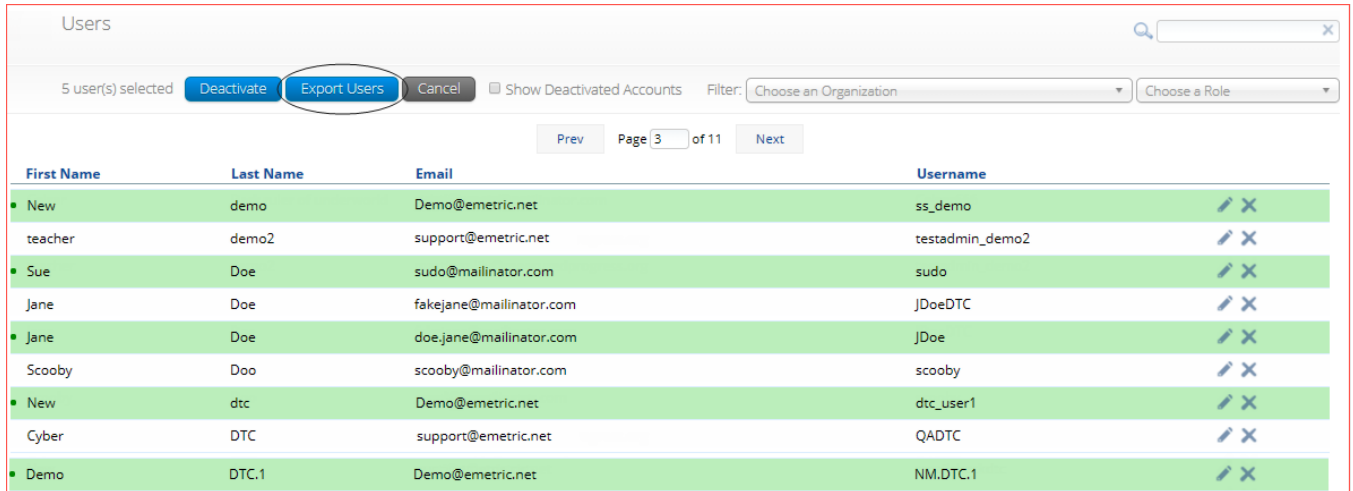

The Error File can contain one or more of the errors shown in the table below

| <i>Notes Field in Error File</i> | <i>Result</i> | <i>Next Steps</i> |
|---|---|---|
| Unable to add user. | Username already exists in the portal. | Modify the username. |
| Username must be 4-35 alpha-numeric characters. | Username contains characters that are not alpha-numeric or are less than 4 or greater than 35 characters or is blank. | Modify the username to contain at least 4 characters, not more than 35 characters and include a mix of letters and number in the username. |
| First name must be 1-25 characters long. | First name contains characters that are less than 1 or greater than 25 characters or first name is blank. | Modify the first name to contain at least 1 character and not more than 25 characters. |
| Last names must be 2-25 characters long. | Last name contains characters that are less than 2 or greater than 25 characters or last name is blank. | Modify the last name to contain at least 2 characters and not more than 25 characters. |
| Invalid role. | Invalid role code or role is blank. | Add a valid role abbreviation. See Table 3 for valid role abbreviations. |
| Invalid organization and role pairing. | Invalid organization and role combination. For example, school user only has a district ID as Org. | If the user is a STC verify that the code(s) provided in the Org field use a District code and School code combination as described in Table 3 |
| Invalid organization number. | Invalid organization number. | Verify the organization number is correct. If you are creating a school level user, verify the school code is correct. Refer to the organization codes provided by BIE. |
| Invalid/Not allowed program ID. | Invalid Program ID. | Update the program ID to be a valid number. See the table above for valid program codes. |

After the invalid fields are corrected in the User Upload file, save the updated file to your device, and repeat the steps to import.

EXPORT USERS

User information can be exported from the BIE Science Assessment Portal in the form of a CSV file. To update existing users' information using the file upload feature, you should first export existing users, then edit the file and upload the file using the **Update Existing Users** file upload option.

To export users, select the user accounts from the Users table and click **Export Users**. A confirmation will appear to confirm that the user data you selected was exported and the Export file downloaded.

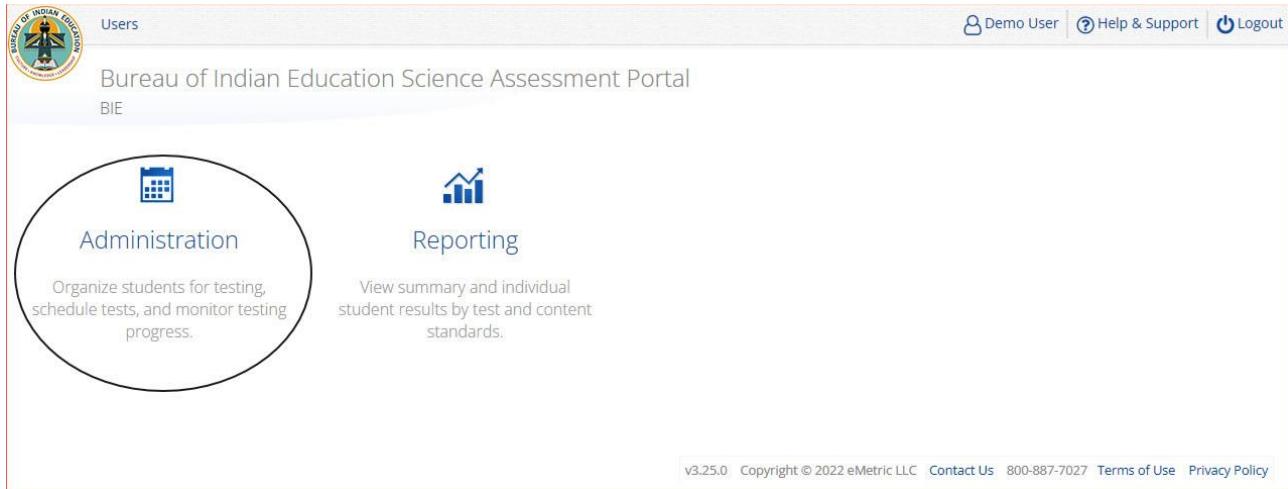

Open the downloaded CSV file to view the user data that was exported.

Note: When a user is created, they are given access to all programs by default. Therefore, you will notice program codes for all programs when exporting a user file.

ADMINISTRATION

To access the Administration component, users will click on the Administration icon upon logging in to the BIE Science Assessment Portal.

The **Administration** home page displays a welcome message and the Administration components available according to the user’s account level.

NAVIGATING THE ADMINISTRATION HOME PAGE

1. To return to the Portal home page click the **BIE logo** in the top-left corner of any page.
2. To return to the Administration home page click **Home** from any page in the Administration component.
3. To review a summary of completed Site Readiness tests and certify your site as ready for student testing click [Site Readiness](#).
4. To add and edit student information, accommodations, and enroll or unenroll students from the building click [Students](#).
5. To view, request, and approve enrollment transfers for students located outside of your school click [Enrollment Transfer](#).

6. To view, add, and edit classes click [Classes](#).
7. To view, schedule, and delete test sessions and print student test log-in tickets click [Test Sessions](#).
8. To add/update student data via pre-id upload click [Pre-ID Management](#).
9. To view school level testing status, click [Dashboard](#).
10. To download and install the BIE Science Assessment Kiosk click on **Student Kiosk for Windows** or **Student Kiosk for Mac**. For more information on installing the BIE Science Assessment Kiosk, see the [BIE Science Assessment Kiosk Installation Guide](#).
11. To view the **Proctor Password** for schools in your organization select the school from the organization drop-down menu.
12. To view the **Site Readiness Login** information for your organization, select the school from the organization drop-down menu.

SITE READINESS

Site Readiness testing identifies potential technical problems prior to student testing using a kiosk. The test is designed to simulate a test scenario and is used to verify that testing devices meet the minimum requirements and have been properly configured. To administer the Site Readiness Test, the ITC or STC launches the BIE Science Assessment Kiosk on each device configuration (i.e., device type and operating system) being used for testing and uses the site readiness login for the assigned school to log in to the Site Readiness Test.

The Administration home page contains the links for downloading and installing the kiosk on Windows and Mac devices, and the **Site Readiness Test login information** for STCs and ITCs.

Welcome to the BIE Science Assessment portal. This site provides access to student information and test session details.

Based on device configurations at your facility, you or your IT coordinator need to download and install the appropriate student kiosk utilizing the links in the table below. Apps for Chromebooks will need to be downloaded from the app store.

The **Site Readiness Test** includes the System Set-Up Test, which will test your bandwidth, connectivity, screen resolution and the text-to-speech function, as well as the Student Interface Test, which will provide you with sample test questions to determine whether or not the device is capable of correctly displaying and navigating test content in iTester. For more information on running the Site Readiness Test, see the [BIE Science Assessment Kiosk Installation Guide](#).

The **Site Readiness** component monitors progress toward site (school) certification. Clicking the link from the Administration home page will display the Site Readiness page.

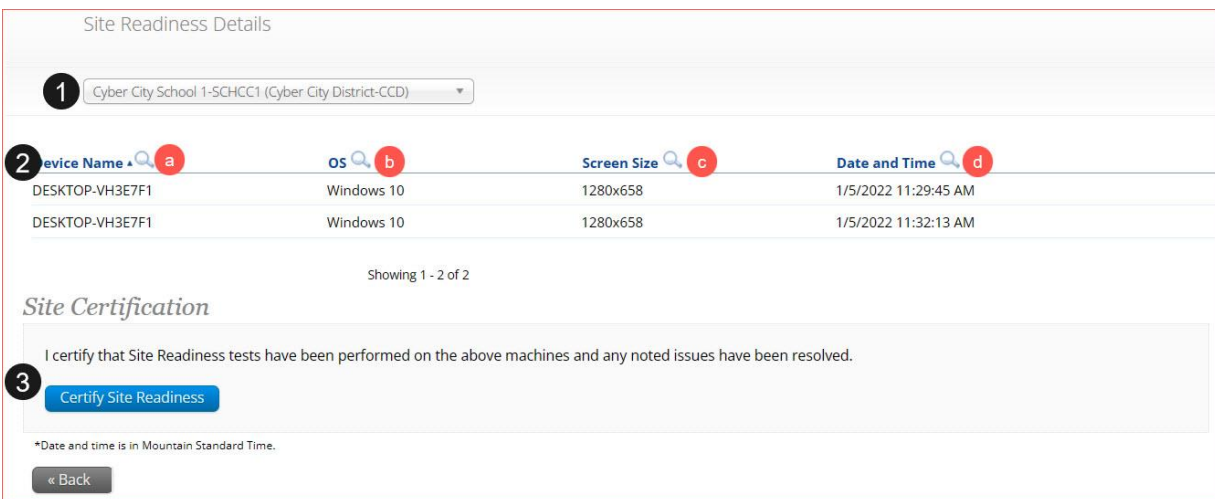

Results of the Site Readiness Test for each device are displayed on the Site Readiness page. If the kiosk fails the System Set-Up Test or does not work properly when the Student Interface Test is run, then the ITC will need to ensure the device meets the technical requirements and repeat the Site Readiness Test.

NAVIGATING THE SITE READINESS PAGE

5. Click **Exports** to Export Accommodations or Export Roster for the selected organization. A CSV file listing all students at the selected school will download to your computer.

6. Sort columns by clicking on a column heading. To locate a student, click the search icon () next to the column heading and type the desired search criteria.
7. Locate the student in the table and click **View Classes** in the column on the right to view a student's classes. A pop-up box will display a list of the assigned classes.
8. Locate the student in the table and click **View Test Sessions** in the column on the right to view a student's scheduled test sessions. A pop-up box will display a list of the scheduled sessions.

9. Click on [Enrollment Info](#) to view the student's enrollment information.
10. To edit a student's profile click **Edit** in the student's row. The [Edit Student](#) page will appear, and the Student Information tab will display the current demographics for the selected student.

ADD A NEW STUDENT

To add a new student, select the school from **Organization** drop-down menu then click the **Add Student** button. The **Student Information** tab will be displayed.

The screenshot shows a form with three tabs: 'Student Information', 'Accommodations', and 'Classes'. The 'Student Information' tab is active. Under the heading 'Required Information:', there are the following fields:

- NASIS ID: * (text input)
- Student ID: (text input)
- First Name: * (text input)
- Middle Initial: (text input)
- Last Name: * (text input)
- Gender: * (dropdown menu with 'Choose a value')
- Date of Birth: * (text input)
- Grade: * (dropdown menu with 'Choose a value')
- Tested Grade: * (dropdown menu with 'Choose a value')
- Hispanic Status: * (dropdown menu with 'Choose a value')
- Race: * (dropdown menu with 'Choose a value')
- LEP Program Status: * (dropdown menu with 'Choose a value')

Fill in the student's demographic information. Fields with a red asterisk are required. Once the form is saved, you cannot edit the **NASIS ID**. If the NASIS ID was entered incorrectly, contact the Cognia Help Desk at (800) 887-7027 for assistance.

If the NASIS ID is changed while testing, when logging in to a student test the new ID is substituted for the old ID for the username, and the old password will work with the new ID. If you enter a NASIS ID incorrectly, call the Cognia Service desk at (800) 887-7027 for assistance.

Click **Save** to add the new student or **Cancel** to discard your entry.

EDIT A STUDENT

Locate the student in the Students table and click **Edit** in the column on the right.

The student information tab will be displayed. Make your changes to the student's demographic information. You cannot make changes to the **NASIS ID** field that is dimmed and unavailable.

ADDING ACCOMMODATIONS

If a student requires accommodations and/or accessibility features, click the **Accommodations** tab, and select the options that apply. Note that some accommodations and accessibility features vary by program and test subject.

Student Test Interface-embedded accommodations and accessibility features listed under the “Delivered by the Test Platform” headings **MUST be set before a test is scheduled**. The remaining accommodations listed under “Delivered Externally” are used for tracking accommodations delivered outside of the Student Test Interface:

The Allow Accessibility Mode Testing accommodations will allow students to use third party assistive technology software when testing with a **Windows** kiosk. Owing to iTester’s secure kiosk feature and variability among assistive technologies, some assistive technologies may not be compatible with iTester, even with the “Allow Accessibility Mode Testing” accommodation activated. It is imperative that

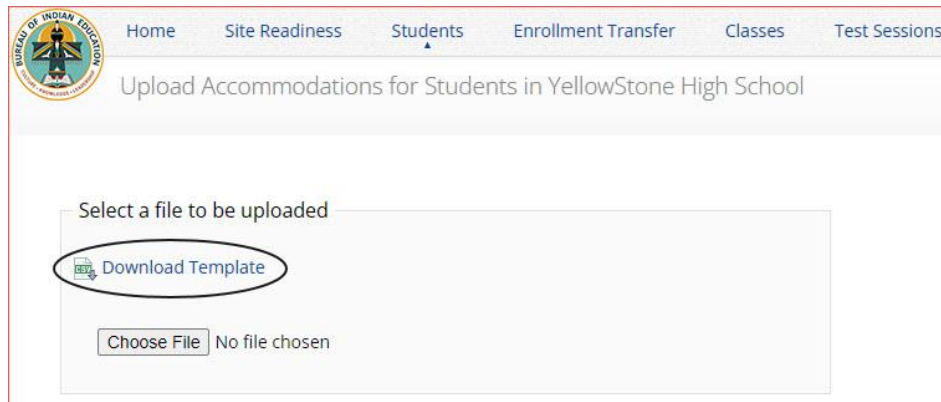

test coordinators utilize the practice test to ensure assistive technologies required by the student will work with iTester and that they provide the student an opportunity to familiarize themselves with the assistive technology as it is used within the iTester kiosk prior to the student beginning the operational test. If a test coordinator identifies an assistive technology that is not compatible with iTester, it is incumbent upon the test coordinator to identify an alternative devices or test delivery method. See the *BIE Science Assessment: Testing with Third Party Assistive Technology Guide* for more information.

UPLOAD ACCOMMODATIONS

Users may upload accommodations for multiple students using the **Upload Accommodations** feature within the Students tab.

The accommodations upload will be available throughout the day until the testing window opens. Once the operational test window opens, the accommodations upload will only be available between **7:00 p.m. to 7:00 a.m. MT**. Accommodations that need to be edited during the testing window (Monday–Friday, 7:00 a.m.–7:00 p.m. MT) must be completed manually.

Click the **Download Template** link to download the file template needed to upload accommodations. The Accommodations Upload template will contain one column for the student ID number followed by a column for each accommodation.

* Required Field

After uploading the accommodations file, a green confirmation message will pop-up with the date and time of the file upload.

A summary of the file upload will also be provided. The summary will display the number of records that were successfully uploaded and the number of records that were not uploaded due to errors in the file.

The following table contains pop-up messages that will appear after an uploaded accommodation file fails the initial validations. If one of the following red error messages appears after clicking **Upload**, the accommodations file will not be uploaded to the portal.

| <i>Pop-Up Message</i> | <i>Result</i> | <i>Next Steps</i> |

ACCOMMODATIONS UPLOAD ERROR MESSAGES

Any records that were not successfully uploaded will be assigned an error message in the Type of Error section of the Error file. The records containing errors may be downloaded as a CSV file by clicking the **Download records with errors** link.

Total number of records present in the uploaded file: 6
Number of records processed successfully: 2
Number of error records present in the file: 4

| Errors | |
|------------------------------------|-------------------------------|
| Type of Error | Number of Records With Errors |
| Empty Student Id | 1 |
| Invalid Student Id | 1 |
| Duplicate Student Id | 1 |
| Incorrect value for accommodations | 1 |

The Error file can contain one or more of the errors shown in the following table:

| <i>Error File Type of Error</i> | <i>Result</i> | <i>Next Steps</i> |
|-----------------------------------|---|---|
| Empty Student ID | Student ID field was left blank. | Add correct Student ID. |
| Invalid Student ID | Student ID value does not exist. | Correct the student ID in the upload file. Save and upload the updated file. |
| Duplicate Student ID | Student ID value was listed multiple times. | Remove rows that contain a duplicate student ID. |
| Incorrect Value for Accommodation | A value other than, 0, 1, or a blank was placed in one or more of the accommodations columns. | Remove or replace the invalid values with values of 0, 1, or blank. Save and upload the updated file. |

The error file will contain two columns: **NASIS ID**, the number associated with the records that are in error, and **Type of Error**, the error associated with the record.

ENROLLMENT TRANSFER

The **Enrollment Transfer** feature will allow users to make and request enrollment transfers for students transferring between schools. STCs will be able to request student transfers to and from an organization that is not associated with their user account and will be able to approve and reject student transfer requests. Click the link from the Administration home page to access the Enrollment Transfer page.

Note: If the student has already started a test, indicate the test and section the student has started using the notes section in the enrollment transfer. Test sessions **DO NOT** transfer with the student. The student will need to be scheduled for the test in their new school and should resume testing with the section(s) not completed in the previous school.

NAVIGATING THE ENROLLMENT TRANSFER PAGE

The screenshot shows the Enrollment Transfer interface. At the top, there is a dropdown menu for organization selection (1) and a 'Request Transfer' button (2). Below this are tabs for 'Approvals' and 'Requests' (3). The main area is a table with columns: Request ID, NASIS ID, First Name, Last Name, Requesting Organization, Assigned Organization, Request Date, and Status (5). Search icons are present next to several column headers (4). At the bottom of the table, there are 'Approve' and 'Reject' buttons (6). The table contains two rows of data.

| Request ID | NASIS ID | First Name | Last Name | Requesting Organization | Assigned Organization | Request Date | Status |

REQUEST AN ENROLLMENT TRANSFER

To submit a student transfer request, click the green **Request Transfer** button and search for the student by NASIS ID, last name, and date of birth.

Request Enrollment Transfer

NASIS ID: *
 Last Name: *
 Date of Birth (MM/DD/YYYY): *

Results will only be returned when all these fields match a student record. If a matching student is found, the demographic and accommodation information will be transferred from the organization with the most recent record. If the student is not currently enrolled in any organization, the transfer request will require **Cognia** approval.

Request Enrollment Transfer

State Student ID: *
 Last Name: *
 Date of Birth (MM/DD/YYYY): *

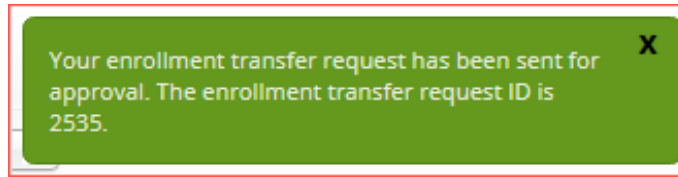

Student found. Select organization information below.

Student will be transferred from:

Select the school in which you want to transfer the student: Kelby Club (100000006)

Notes: (Optional)

Select the school in which you want to request to enroll the student, add notes if needed (notes are optional), and select **Submit Request**. A transfer request ID will be provided.

Once a request is submitted, an email will be sent to the user who initiated the request as well as the STC from the assigned organization. The requests will also appear on the Requests tab of the Enrollment Transfer page.

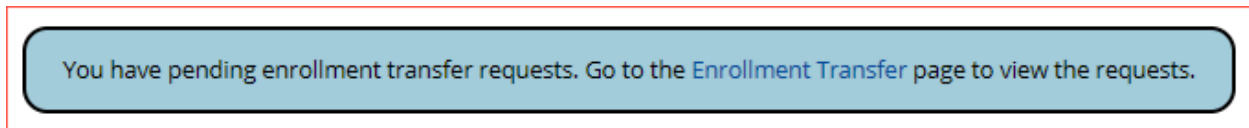

| Requesting Organization | Assigned Organization | Request Date | Status |
|-------------------------|-----------------------|-----------------------|---|
| Cyber Valley Sch2 | Cyber Falls Sch2 | 02/20/2020 1:40:40 PM | Pending View Details Cancel |

To cancel a transfer request, click the Cancel button. After the request is cancelled, the username of the STC who cancelled the request will be documented in the Enrollment Transfer details and an email will be sent to the requested STC and the STC who cancelled the request.

Cognia will be notified when the request is made or cancelled for an unenrolled student.

APPROVE AN ENROLLMENT TRANSFER REQUEST

An indicator will be added to the administration homepage to notify STCs when there are pending transfer requests that require action. Clicking the link will take you to the Enrollment Transfer page to view the requests.

Locate the student transfer request in the Approvals tab and select the Approve button in the column on the right.

A box will appear confirming approval of the enrollment transfer request. Add notes if needed, once complete select **Confirm**.

The status will be updated to Approved and the student will now be enrolled in the new school. The username of the STC who approved the request, and the date and time of the approval will be

documented in the Enrollment Transfer details. An email will be sent to the user who initiated the request and the STC from the assigned organization.

STCs can also reject transfer requests. After a request is rejected, the STC will be required to provide a reason for the rejection in the Notes field. The status will be updated to **Rejected**, the username of the STC who rejected the request, and the date and time of the rejection will be documented in the Enrollment Transfer details. An email will be sent to the user who initiated the request and the STC who rejected the request.

Cognia will be notified when the request is approved or rejected for an unenrolled student.

1. **Filter** the Test Sessions table by selecting an option from one or more of the following drop-down lists:
 - a. Organization (school)
 - b. Program Name
 - c. Content Area
 - d. Test Name
2. Click the green [Schedule New Test Session](#) button to schedule a new test session.
3. Click the **Exports** to Export Test Status or Export Students Not Scheduled for the selected test criteria. A CSV file will be downloaded to your computer.

4. **Sort** columns by clicking on a column heading. Click the search icon (🔍) next to the column heading and type the desired search criteria.
5. Click [View Details/Student Logins](#) to view the Test Session Details page.
6. Click **Delete** to delete a test session. Only sessions that were scheduled by you and have **NOT** yet started can be deleted. Once a student has logged in, the test session cannot be deleted.

The test session details page displays the session access code(s). Session access codes are used to restrict access to specific test sessions within a test. Students will be prompted for the session access code after logging in and selecting a session in the BIE Science Assessment kiosk.

The Test Session Details table contains the following information for each student:

- Student’s first and last name
- Student’s username and password
- Form assigned to the student
- Date and time when new student test logins were generated.
- Test report codes
- Test session status (Not Started, In Progress, or Finished).
- Date and time when the test was started and completed.

EXPORT STUDENT TEST LOGINS

Student test logins can be exported from the Test Session details page as a PDF or CSV file. If students were added to the class, or if the text-to-speech accommodation was changed for a student in the class, **after** the test session was scheduled, the **Add or Update Students** button will appear at the top of the test session details page. Click the **Add or Update Students** button to update the test session with the new or updated students.

Add or Update Students

Students have been added to the test session or received updated forms or accommodations. You must click the "Add or Update Students" button to generate new logins for these students.

Add or Update Students

Select the students whose login information will be exported. To select all the students in the table, select the check box in the top-left corner of the header row. To select individual students, select the check box next to each student’s name.

To export the logins, click the **Export Logins** button. A pop-up box will appear with the option to choose a PDF or CSV version of the export.

Selecting PDF will require you to choose the number of logins to be printed per page (1, 8, or 27 logins per page). Make your selection and then click **Export**.

The student login information (names, usernames, passwords, and accommodations) and test tickets are exported to a PDF file. Open the PDF file and print the student labels. The logins are formatted to print on plain paper or on Avery® #5160 labels (Easy Peel® White Address Labels for Laser Printers).

Each label displays the student’s name, date of birth, test name, username, and password.

INVALIDATE A TEST SESSION

To invalidate a test session, STCs **must** compete two steps in the student’s test session:

1. Enter a Test Report Code
2. Invalidate *all* the sessions in the test.

When both steps have been completed, the student will not receive a score for that test.

ADD TEST REPORT CODE AND INVALIDATE TEST

To add a test report code, locate the student in the list and click the **+** under the Test Report Code field. Select **Withdrew Before Test Completion**, **Non-Allowed Modification**, **Medical Emergency**, **Other Non-Completion**, **Test Irregularities**, **Absent**, **COVID Exemption**, or **Participating in MSAA** and then click **Save**.

You will be prompted that your changes were saved. Click **Close** to see the code reflected in the test session.

| <input type="checkbox"/> | Last Name | First Name | Username | Password | Form Name | Date/Time Created | Test Report Code | Status | Date/Time Started |

Locate the student in the student table of the Test Session details page and click the **Invalidate** link next to each test session to invalidate the test.

| Status | Date/Time Started | Date/Time Completed |
|-----------------------|-------------------|---------------------|
| Session 1:Not Started | | Invalidate |
| Session 2:Not Started | | Invalidate |

Once clicked, you will be asked to confirm the invalidation, click **Yes** and you will see the session is now invalidated.

EXPORT TEST STATUS

Export Test Status is a feature that is available to School Test Coordinators.

To download a file with the test status of all students in the selected school, click **Exports** then **Export Test Status**.

A CSV file listing every student and their completion status per session of the currently selected school and test will be downloaded. To filter the results before exporting, set the **Filter by testing status** drop-down to the desired testing status and then click **Export Test Status**.

If a student’s test is reactivated, their test status will display as “In Progress”, but their previously listed end time will remain the same until the reactivated test is completed.

EXPORT TEST STATUS FOR ALL TESTS

Export Test Status for All Tests is a feature available to School Test Coordinators at the school level.

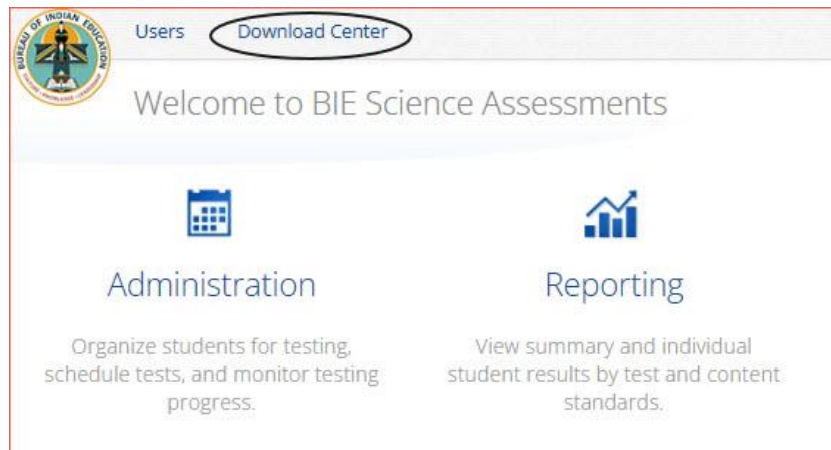

Click **Exports** then **Export Test Status for All Tests** to download a file with the test status of all students for all tests in the selected school or district.

A pop-up message will appear indicating the downloaded file will be available in the Download Center.

Once complete, the user will receive an email indicating that the file is available to download. Navigate to the Download Center from the BIE Science Assessment Portal home page to access the file.

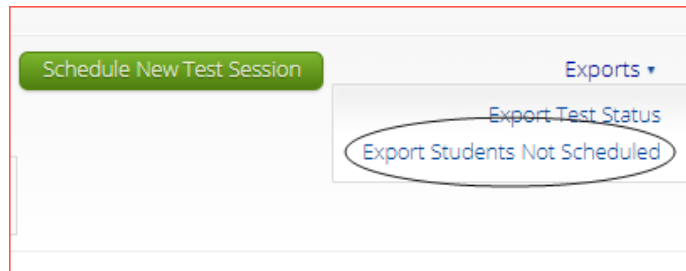

A table will appear with the files available to download, click on Download Result to download the Export Test Status for All Tests file.

|----|----------------------------------|------------------------|-----------|---|
| 51 | Export Test Status for All Tests | 10/25/2023 11:25:39 AM | Succeeded | Download Result Archive |

A CSV file listing every student and their completion status per session of the currently selected district/school, program, and content area will be downloaded.

EXPORT STUDENTS NOT SCHEDULED

Export Students Not Scheduled is a feature that is available to School Test Coordinators. To download a file with a listing of students not scheduled for the selected school or test, click **Exports** then **Export Test Status**.

A CSV file listing every student not scheduled for the currently selected school and test will be downloaded.

DASHBOARD

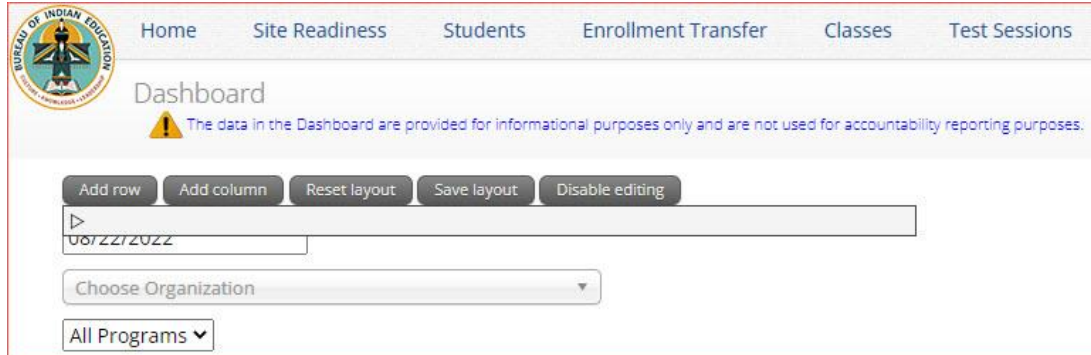

Access the **Dashboard** by clicking the link at the top of the Administration page. The **Dashboard** is a feature that is available to School Test Coordinators to allow them to view specific testing data in their school. The Dashboard is updated every 24 hours and will reflect data from the first day of the testing window to one day prior to the current day.

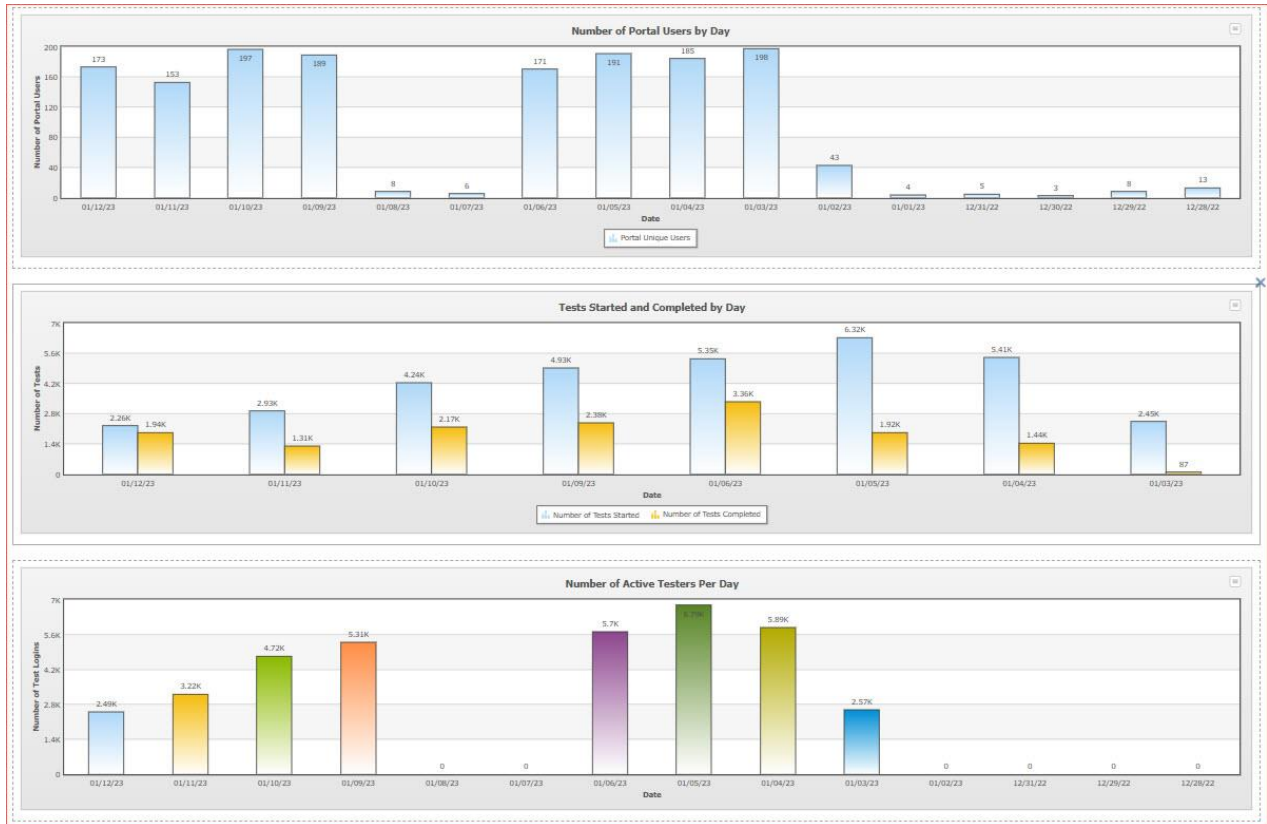

The table below describes the metrics provided in the Dashboard.

| By Day Metrics | Cumulative Metrics |
|-------------------------------------|---|
| Number of tests started by hour | Number of portal users per day |
| Number of tests in progress by hour | Number of test users who logged in to the kiosk per day |
| Number of tests paused by hour | Total number of tests scheduled |
| Number of tests completed by hour | Total number of tests completed by day |
| Site Readiness Data | Percentage of test completed |
| | Operating system usage |

Cumulative means from the first day of the testing window to one day prior to the current day. The data in the Dashboard is provided for informational purposes only and is not to be used for accountability reporting purposes.

Select the program from the drop-down list, All Programs will be selected by default. The charts, graphs, and tables will populate with the selected parameters.

The charts and graphs can be downloaded as JPEGs, PNGs, PDFs, or as an SVG vector image by clicking on the download arrow  in the top-right corner of each graph, chart, or table.

MATERIALS MANAGEMENT

Access **Materials Management** by clicking the link at the top of the Administration page. Use the Materials Management page to track order shipments, order additional materials, and schedule a UPS pickup. Only STCs have access to the Materials Management page.

The Shipment History page displays a table of orders and includes the order number, date, customer, and order status.
